

Apprenticeship Training

As one of only a few DoL-registered healthcare apprenticeship intermediaries in the country, MedCerts can work with employers and workforce agencies to create custom training solutions

Why Healthcare Apprenticeship?

- Best-in-class training model
- Concurrent online and in-person training
- Students complete both training portions in 1 year
- Vacancies are filled from day 1 as students learn job duties
- Higher retention rates than any other entry-level job placement

Five Components Of Apprenticeship

Apprenticeship Services

Pre-approved apprenticeship standards

Required apprenticeship reporting

Connections to workforce grants to offset training and wage costs

Early Apprenticeship Adopters
